

Become a Partner

We believe that whatever you commit yourself to shapes your identity.

You are a follower of Jesus - that's your identity. Making a commitment to a church community is a vital way of shaping and living out your identity.

Becoming a partner of North Pointe isn't like joining a club. There are no perks - no reserved parking spaces or special treatment. In fact, partners at North Pointe give special treatment to others. They are welcoming and serving and giving and leading.

At North Pointe you don't have to be a partner to serve.

You do need to have attended North Pointe for six months before applying, unless you had membership/partnership in another church and then you can transfer that to North Pointe. Please ask any North Pointe team member for more information on applying for partnership. Afterward, we will set up a meeting with you.

This meeting is designed to help you get to know North Pointe a little better, and for us to get to know you, and pray for you.
